E. L. Burton, Jr. M. D. E. L. Burton, Sr., M. D.

Dr's. Burton & Burton,
SPECIALISTS

Have associated themselves together and limit their practice exclusively to diseases of the EYE, EAR, NOSE, MOUTH and THROAT; DISEASES OF WOMEN, GENITO URINARY, RECTAL DISEASES and SURGERY.

Dr. E. L. Burton, Jr's., practice for the past year in McKinney and surrounding country speaks for itself. He has had unparalled success for which his patients will vouch.

Out of a record of over three hundred surgical operations, minor and major, there has not been a single failure.

The success of all this not only depends on being a skilful operator, but a diagnistician of wonderfully accute perception.

In disease we have a pathological alteration, or such a change as to produce a morbid or abnormal condition of the parts.

The first and most important of all factors in the treatment of disease is proper diagnosis. Next such Therapeutic measures as can be brought to bear that will remove the cause.

I have been offered hundreds of testimonials by former patients cured; but refused to publish any of them for that is not my policy.

We have a Positive Cure for Piles, cured in a few days without pain, or detention from business. No cautery, knife or ligature.

URETHRAL STRICTURE, and all private diseases are treated by the latest and most approved methods, (strictly confidential.)

DISEASES OF WCMEN treated skillfully and successfully by approved methods.

Dr. E. L. Burton, Sr., will give his attention to this department, having had a vast ammount of practical experience.

A partial list of operations for the past year will be given in the following table:

This embraces only a part of the successful surgical practice of the year.

I have done all in my power to relieve those so unfortunate as to be afflicted, coming under my care.

My only desire is to be ever upright and honorable to all. I feel as though my past years labors have not been in vain.

Now, as my practice has assumed such proportions, I have called my father in as a co operator, and he will devote his whole attention to DISEASES OF WOMEN, ETC, while I will continue as usual.

KILLING THE TALBERTS.

A Mob Trying to Exterminate the Famous Mississippi Outlaws.

MERIDIAN, Miss., Nov. 7.—A posse started Saturday afternoon to capture or exterminate the Talbert gang. As a result three men are dead at Fort Stevens. They are John Talbert, Tom Talbert, Sr., and Thomas Cole. Saturday night the posse attacked Talbert's house, armed with winchesters. The battle raged fiercely for two hours when the amunition of old man Talbert gave out and he was forced to surrender. The posse then started on its way back to Fort Stevens, but was met by a mob composed of 1000 farmers, who overpowered tne posse and strung the old man up to a tree. Young Tom escaped from the house and took refuge at the house of a relative five miles distant. When his whereabouts became known 1500 men left for the scene for the purpose of lynching Talbert and all his relatives. Nothing has been heard from the mob since they left for the place, but news of the battle is expected, as the mob will no doubt meet with desperate resistence.

Wanted to Cremate Himself.

FORT WORTH, Tex., Nov. 7—Officers Neely and Bedeker had an exciting experience with a hoodlum in the acre to night. They were summoned to a house on Calhoun near Thirteenth street, where they found that a coal oil lamp had been upset with every prospect of destroying the building. Effecting an entrance they found a man who made a fight with Bedeker while Neely made an attempt to stamp out the fire which had ignited the curtains and bedding. The man was very unruly and on the way to the station it was necessary to handle him roughly. He had frightened the inmates off the premises and was only saved from burning up himself by the action of the officers. The fellow gave his name as Sim, but would not tell where he lives.

A Blizzard.

WINNIPEG, Manitoba, Nov. 7—A fierce blizzard has been raging the past twenty-four hours, making the streets almost impassible. Trains are badly delayed.

ST. PAUL, Minn., Nov. 7.—A snow storm of blizzard proportions is raging here. Six inches of snow is reported at Sleepy Eye last night. Hard storm is raging in North Dakota, trains are delayed and much stock lost.

MINNEAPOLIS, Minn., Nov. 7. A special to the Journal states that a terrible blizzard is raging over the northwest. At Grafton, Wis., a fierce wind is blowing and snow is piled in drifts. At Redwood Falls, Minn., a hard snow is raging, accompanied by a northwest gale.

MARSHALLTOWN, Iowa, Nov. 7.—A northwest blizzard has prevailed here since morning. It is growing colder.

Horrible Discovery.

MILWAUKEE, Wis., Nov. 7.—For the first time in the history of the Trinity Catholic church there was no second service yesterday. The break was caused by the discovery of the body George Janbe, sacristian, hanging high up in the church spire after the congregation filled the church. The greatest excitement prevailed after Father Conahan dismissed the congregation with the explanation that something terrible had happened. No cause known.

A DARING DESPERADO.

He Attacks a Jewelry Drummer on a Train and Gets $15,000 in Diamonds.

Omaha, Neb., Nov. 4.—A daring robbery occurred on the train from Omaha to the Missouri valley this evening by a masked desperado. The victim of the robbery is W. G. Pollack, representing a New York jewelry house. The robbery occurred just beyond California Junction, Ia. After the train got under headway the desperado drew his gun and fired on Pollock, two bullets taking effect in the arm, after which he made a rush for him and beat him in a terrible manner about the head and face. At the same time he secured his sample cases, which contained $15,000 worth of diamonds. Securing them he jumped off the train and made for the woods. Pollack is here at the Willard house and is in a badly dilapidated condition, although none of his wounds are serious.

The brain of the late Prof. Bishop, of St. Petersburg, was found to weigh only 1,245 grams. He was one of the persistent opponents of the emancipation of woman, and was wont to say that their inferiority was proved by the fact that the ayerage weight of the male brain was 1,350 grams and that of the female brain only 1,250.

Ingersoll on Renan and His Work.

Ernest Renan is dead. Another source of light; another force of civilization, another charming personality, another brave soul, graceful in thought, generous in deed; a sculptor in speech, a colorist is words—clothing all in the poetry born of a delightful union of heart and brain—has passed to the realm of rest. Reared under the influence of Catholicism, educated for the priesthood, fit by reason of his natural genius, he began to think. Forces that utterly subjugate and enslave the mind of medriocrity some times rouse to thought and action the superior soul. Renan began to think—a dangerous thing for a Catholic to do. Thoughts leads to doubt, doubt to investigation, investigation to truth—the enemy of all superstition. He lifted the Catholic extinguisher from the light and flame of reason. He found that his mental vision was improved. He read the scriptures for himself. Examined them as he did other books not claiming to be inspired. He found the same mistakes, the same prejudices, the same miraculous impossibilities in the book attributed to God that he found in those known to have been written by men. Into the path of reason, or rather into the highway, Renan was led by Henriette, his sister, to whom he pays a tribute that has the perfume of a perfect flower. "I was," writes Renan, "brought up by women and priests, and therein lies the whole explanation of my good qualities and of my defects." In most that he wrote is the tenderness of women, only now and then a little touch of the priest showing itself, mostly in a reluctance to spoil the ivy by tearing down some prison built by superstition. In spite of the heartless "scheme" of things he still found in the heart to say, "When God shall be complete He will be just," at the same time saying that "nothing proves to us that there exists in the world a central consciousness—a soul of the universe—and nothing proves the contrary." So, whatever was the verdict of the brain his heart asked for immortality. He wanted his dream, and he was willing that others should have theirs, Such is the wish and will of all great souls.—From "ERNEST RENAN," by COL. R. G. INGERSOLL, in North American Review for November.

WHAT IS A COUGH?

The Answer in a Lecture By Dr. Hartman at the surgical Hotel, Columbus, Ohio.

A cold is the starting point of more than half of the fatal illnesses from November to May. A cold is the first chapter in the history of every case of consumption. A cold is the first stage of chronic catarrh, the most loathsome and stubborn of diseases. A cold is the legitimate parent of a large family of diseases, such as bronchitis, pleurisy, pneumonia and quinsy. To neglect a cold is almost suicide. To fail to provide against this well-nigh inevitable evil is dangerous negligence. Pe-ru-na is a safeguard as a preventive, a specific as a cure for all cases of catarrh, acute and chronic, coughs, colds, consumption, etc., etc. Every family should be provided with a copy of The Family Physician No. 2, a complete guide to prevent and cure winter diseases. Sent free by The Pe-ru-na Drug Manufacturing Comyany, Columbus, Ohio.

IN HARD LUCK.

The Son of a Preacher Arrested for Theft in St. Louis.

Hannibal, Mo., Nov. 3.—Gus Liese, the man who gave the St. Louis officers the tip on "Pluck" Maloney and caused his arrest, was himself arrested this morning charged with robbing his roommate, John Whalen, in St. Louis Tuesday night. Liese is now in prison here awaiting the arrival of St. Louis officers. He is the son of Rev. Simon Liese, pastor of the German Lutheran church in this city.

TOO OFTEN.

In about three more days the great political contest will be over, and every right-minded person will be glad. These great political years, the conjunction of the presidential and State elections; are, perhaps, neccessary evils. That they are an evil no one will deny. But is it necessary that we should have them so often? Would not once in six or eight years, oh Lord, suffice? If business must be disturbed: if confusion and riot and slander, and every evil passion of men, must be employed in the strife; if mutual confidence in the honesty and veracity of men must be cruelly uprooted; if the present and rising generations must be schooled by every political canvass in the arts of the unprincipled demagogue and the irresponsible campaign liar, can we not arrange for these dire visitations at longer intervals for rest and recuperation? Why not elect a president once in six years and disqualify him from succeeding himself? At great expense, and with much inconvenience, we try to ward off an epidemic of cholera, but nothing is done to protect us from these great political visitations, which are as bad.—Farm & Ranch.

Killed and Mangled.

VAN ALSTYNE, Tex., Nov. 4—A man named John Howard was run over and killed by a train last night between Van Alstyne and Anna. He was mangled beyond recognition. His name was ascertained by a number to a drawing that was found in his pocket. It is thought that he fell from the train while returning from the Clark rally held here.

OMAHA, NEB., Nov. 3.—Sidney Smith, the defaulting Omaha architect, while being brought to this city by Attorney Tunnicliffe to answer criminal charges, attempted suicide by taking a dose of chloroform on the train. He took too much, however, and arriyed here this morning very weak, but well enough to go to jail.

Colored Man Suicides.

SHERMAN, Tex., Nov. 7.—A strange colored man was found in a semi-unconscious condition in Scott's wagon yard tonight and died in the Crockett street police station in a few minutes after being taken there. He gave the name of Pat Leary to Chief of police Milton and from his incoherent remarks it appears that he has been working for Dr. Burton, in the northwestern part of this county, on Mineral creek. Arsenic was the means of suicide. A small memorandum conveys the idea that a religious craze is the cause of it.

THE ELECTION.

THE COUNT SLOW.

Grover Cleveland is Our Next President and Probably Hogg is our next Governor.

In Collin "We Have Met the Enemy and We Are Them."

The election is over. Cleveland has carried New York, New Jersey, Conneticut, and probably Indiana and Illinois. The returns from the state election are coming in slowly but at present indicate the election of Hogg by a small plurality. Clark and Nugent have both polled a good vote, Clark getting his vote mostly in the cities while Nugent gets his mostly in the country.

The latest news from the National election indicate that Weaver has strung four or five of the North Western states on his string.

In Collin county the People's party ticket has gone down in defeat but had the satisfaction of polling a big vote on strict party lines. It was a clear fight of the people's party against both the old parties. The new party has shown phenomenal strength which our report next week will show.

Tuesday was a lively day in McKinney. Everybody seemed to be in good spirits.

It is reported that Cleveland has carried Canada and Mexico.

The New Party has come to stay and will be found fighting in the front at the next election.

The electoral college stands about as follows: Cleveland 279, Harrison 106, Weaver 25, doubiful 34 total 444.

LET no ill feeling of the campaign remain with you. Let us begin at once for two more years for a campaign of education.

Mr. Moore, the postmaster at Bradshaw, Va., after reeding an advertisement of Chamberlain's Colic, Cholera and Diarrhœa Remedy, concluded to try a small bottle of it. I have handled and used a great deal of patent medicine but never tried any that gave as good results at this." For sale by R. E. Bristol, Druggist,

ADMITTED THE FACTS.

Newspaper editors have to be very careful in opening their columns for statements. But aware that the Dr. Miles Medical Co., are responsible, we make room for the following testimonial from R. McDougall, Auburn, Ind., who for two years noticed a stoppage or skipping of the pulse, his left side got so tender he could not lie on it, his heart fluttered, he was alarmed, went to different doctors, found no relief, but one bottle of Dr. Miles' New Heart Cure cured him. Deafness Can't be Cured

by local applications, as they cannot reach the diseased portion of the ear. There is only one way to cure deafness, and that is by constitutional remedies. Deafness is caused by an inflamed condition of the mucous lining of the Eustachian Tube. When this tube gets inflamed you have a rumbling sound or imperfect hearing, and when it is entirely closed, deafness is the result and unless the inflammation can be taken out and this tube restored to its normal condition, hearing will be destroyed forever; nine cases out of ten are caused by catarrh, which is nothing but an inflamed condition of the mucous surfaces.

We will give One Hundred Dollars for any case of Deafness (caused by catarrh) that we cannot cure by taking Hall's Catarrh Cure. Send for circulars, free.

THE BEST PLASTER.—Dampen a piece of flannel with Chamberlain's Pain Balm and bind it on over the seat of pain. It is better than any plaster. When the lungs are sore such an application on the chest and another on the back, between the shoulder blades, will often prevent pneumonia. There is nothing so good for a lame back or a pain in the side. A sore throat can nearly always be cured in one night by applying a flannel bandage dampened with Pain Balm. 50 cents a bottle. For sale by R. E. Bristol, Druggist.

He'd Had Some Experience.

She (on the hotel veranda)—You had no business to do that.

He—I am engaged to you. Why shouldn't I kiss you?

She—But people were looking.

He—That's why I did it. I am determined that you shall at least return my bow when we get back to the city.—New York Weekly.

Probable Cause.

Romeo and Juliet were sitting upon the baldony engaged in conversation. A morning glory had climbed up the railing beside them, but no other living thing was near.

"Romeo."

"Yes dear."

"I have always noticed that pretty women do not succeed on the Board of Trade. Why is that?"

Romeo pondered.

"I guess." he eventually replied with deliberation, "that it's because the other operators can't resist the temptation to squeeze them."—Detroit Tribune.
